| | Unit Price | WGT | Unit Price | WGT | Unit Price | WGT |
| 100-199 | | 5% | | 20% | | 20% |
| 200-299 | | 10% | | 20% | | 20% |
| 300-400 | | 85% | | 60% | | 60% |

- 1. Offerors must submit their proposed unit prices in the boxes provided.**
Offerors failing to bid on all items, all years and all ranges may be disqualified.
- 2. The Evaluated Price will be calculated by summing the multiplication of the proposed unit price by its respective weight and maximum quantity of each range for a giving ordering period and adding the totals for all periods. If first article costs are applicable they will be added to obtain the total evaluated price.**
- 3. The FAT costs will be assessed as part of the total evaluated price, if applicable.**
If a FAT is required it's costs will be amortized into the unit price for the initial delivery order only.
- 4. For evaluation purposes, the Government has weighted the ranges based on the likelihood that if an order is placed, it will be placed in that range.**
